

*The best service in town for  
the best price!*

Don't settle for inexperience when you can have the best. Our Senior Network Engineer has been on many high level contracts all over the State of Queensland as well as internationally.. Many companies have to go to Brisbane to find someone with his experience. Now you don't have to look further than KD Computers. We are local, competitive, have the experience to back up our service and believe in good, old fashioned quality.

KD Computers currently services many businesses around the Darling Downs. Why have someone with less experience working on your network when it will take longer to find a solution to the problem? Check out our rates now and ring for a consultation to see how we can better help you and your computer needs.

We don't charge travel time within the Toowoomba area and travel time is only charged at \$20 per half hour for Oakey, Crows Nest, Pittsworth, Gatton and beyond.

**OUR RATES:**

**In store repairs:  
\$35.00 per 1/2 hour**

**Sick of waiting weeks for your  
computer to be repaired?  
Can't get reliable service for a  
reasonable price?  
Fed up with technicians with little  
computer experience that end up  
costing you time and money?**

*We can help!*

*Serving Your Business...*

*Over 30 years experience  
in the computer industry*

## ***20+ YEARS NETWORK EXPERIENCE!***

Bob began his experience in 1975 with computers and moved to networks in 1985. He has had experience in all facets of networks from designing to support.

During his career he has designed, built and maintained the following networks:

- Novell Netware versions 2.X - 6.X
- Windows NT, 2000 and 2003 series

### **Other skills include:**

- Installation and maintenance of Cisco routers
- Microsoft Internet Information Server versions 2.X - 4.X
- ZenWorks 1, 2, 3 and 4
- Exchange versions 4.X - 5.5
- Microsoft NT 4.0 server and workstation
- Windows 2000 professional and server
- Windows 2003 server
- Windows XP home and professional
- NT4/2000 Windows Terminal Server
- Linux
- IPX
- TCP/IP
- NetBEUI
- Novell Border Manager 2.X and 3.X
- Groupwise 4.X, 5.X and 6.X
- NetFRAME server trained
- Installation and configuration of hubs, switches, bridges, modems, cabling etc.
- Backup solutions
- Microsoft software
- Virus Removal and prevention
- Remote access through software such as PC Anywhere and Carbon Copy

## ***EXTREMELY AFFORDABLE RATES!***

At KD Computers, we believe that computer prices should not be ridiculously high just because the rest of the market is charging too much.

Businesses often have to wait far too long before service is available. At KD Computers, we understand that when a computer or network goes down, it is important to be attended to quickly. If it is urgent, we endeavour to make contact within 24 hours of you phoning, usually earlier if possible.

In shop repairs are done usually within a few days (depending on the problem) instead of having to be without your computer for several weeks as is often the case with other servicing companies. We pride ourselves on good old fashioned service and reliability.

With our experienced Senior Network engineer, you won't compromise quality of service for price. At KD Computers you can get a great price and an even better service!

### ***EXTRA SERVICES***

- **Printer Services:**  
We can order your printer cartridges for you and have them delivered to your door. Our prices are extremely competitive. In most cases it is overnight delivery. Phone now to check on prices.

## **Bob Acheson CNE5**

Robert Acheson is owner and manager of KD COMPUTERS.

Robert (or Bob as he likes to be called) has over 20 years experience in the computer field. His accomplished career has seen him work for companies such as Lockheed Martin, Intel, EG & G and Tektronix.

Bob has served on National and State teams both here and in the United States travelling all over upgrading equipment. He is a current Certified Novell Engineer (CNE5).

In late 2003 he completed a Statewide contract for the Queensland Health Department where he upgraded equipment in large environments down to small sites such as Moura, Palm Island and Normanton.
